## **Section One: Profiles**

*This section contains 26 profiles of individuals and families living and working in the years prior to the break out of World War II. It examines lives at home, at work, and in their neighborhoods. Based upon historic materials, personal interviews, and diaries, the profiles give a sense of what it was like to live in the years leading up to 1940. In addition, profiles with a star (\*) include actual 1940 census pages, specific to the city profiled.*

## Section Two: Historical Snapshots

*This section includes lists of important “firsts” for America, from technical advances and political events to new products and top selling books. Combining serious American history with fun facts, these snapshots present, in chronological categories, an easy-to-read overview of what happened in the decade leading up to 1940.*

Early 1930s . . . . .	233
Mid 1930s . . . . .	237
Late 1930s . . . . .	240
1940 . . . . .	243

## Section Three: Economy of the Times

*This section looks at a wide range of economic data, including food, clothing, transportation, housing and other selected prices, with reprints of actual advertisements for products and services of the time. It is arranged chronologically, year by year, and brings to life the economic engine that drove our country into the 1940s.*

1930 . . . . .	245
1931 . . . . .	247

1932.....	249
1933.....	251
1934.....	253
1935.....	255
1936.....	257
1937.....	259
1938.....	261
1939.....	262
1940.....	265
Value of a Dollar Index 1860–2010 .....	266

#### **Section Four: All Around Us—What We Saw, Wrote, Read & Listened To**

*This section includes reprints of newspaper and magazine articles, letters, posters, and others items designed to help the reader focus on what was on the minds of Americans in the decade prior to the 1940 Census. As they move from 1930 to 1940, these printed pieces show how popular opinion may have formed, and changed, by the time Americans responded to the 1940 Census.*

All Around Us—1930 through 1940 .....	267
---------------------------------------	-----

#### **Section Five: 1940 Census Summary & Comparison Data**

*This section includes actual 1940 Census material, including a comprehensive U.S. report that summarizes individual responses, and twenty-six data tables that compare the 92 principal cities (plus the five boroughs of New York City) in 1940—those with 100,000 population or more.*

United States Summary from the 1940 Census .....	298
1940 Census Comparison of Principal Cities .....	361
