The division sets safety standards, develops policies, legislation & regulation, & educates road users about road user safety. Responsibilities include evaluating the effectiveness of safety measures, inspecting, monitoring & enforcing compliance with standards, testing, licenses & drivers, & registering vehicles. Through public education, legislation & enforcement, the government strives to ensure all motorists take responsibility for their driving behaviour. The Assistant Deputy Minister, Road User Safety, is responsible for the co-ordination of all Road User Safety activities for the province & acts as the Registrar of Motor Vehicles for Ontario.

Promotes the sustainable growth & development of Prince Edward Island's primary industries & improvement of the quality of products, co-administering projects demonstrating practical, cost-effective soil conservation practices, operates a potato composting program, instituted a pest information hotline to provide information of environmental significance. Financial & technical assistance is being offered to farmers & owners of agricultural & wood land to implement practices to protect the quality of the Island's soil, water & forest resources & to reduce the risk & use of pesticides. Projects include manure storage, structural soil erosion control, strip cropping, fuel & pesticide storage, deadstock composting, milkhouse waste storage, developing nutrient management plans & planting trees. Details are also being finalized for a forestry component, which would provide financial & technical assistance to woodlot owners in preparing forest management plans & carry out work identified in the plans.

Executive Director, Dr. David L. Keenlyside  
The PEI Museum and Heritage Foundation is an integral part of the Island's community. Museum and Heritage Prince Edward Island operates the seven provincial museums and heritage sites in Prince Edward Island, providing Islanders and visitors alike with an opportunity to discover our Island heritage and culture. The PEI Museum and Heritage Foundation is a Schedule B Provincial Crown Corporation governed by the Museum Act. It is a registered charitable corporation whose purpose is "to study, collect, preserve, interpret, and protect the human and natural heritage of Prince Edward Island for the use, benefit and enjoyment of the people of the province."

 902-882-2746  
 Fax: 902-882-3823  
 info@weican.org  
 www.weican.ca  
 The Wind Energy Institute of Canada (WEICan) has evolved from the Atlantic Wind Test Site (AWTS), which had been a cornerstone of Canada's wind energy R&D program for the last 25 years. Located at North Cape, the northernmost tip of Prince Edward Island, the site offers one of the harshest environments in the world for the testing of wind technology. Its mission is to support the development of safe, reliable, efficient, sustainable & affordable wind power generation in Canada & the development of wind energy-related products & services for Canadian & export markets.

**CEO**, Scott Harper  
 902-882-4125,  
 scott.harper@weican.ca

#### Private Forest

The Private Forest Program provides financial & technical assistance to woodlot owners for management of private owned woodlots. The section also provides a Forest Management Education program for woodlot owners.  
**Manager**, Brian Brown  
 902-368-6431,  
 bmbrown@gov.pe.ca

#### Pollution Prevention Division

Administers a wide range of programs, legislation & activities which are designed to protect the environment in the province. These include: air quality, protection of the ozone layer, management of hazardous wastes, litter, beverage containers, petroleum storage tanks, used oil, tires, lead-acid batteries, derelict vehicles, excavation pits, unsightly properties, & special projects.  
**Director**, Don Jardine  
 902-368-5035,  
 dejardine@gov.pe.ca  
**Section Head Air Quality & Hazardous Materials**, Todd Fraser  
 902-368-5037, Fax: 902-368-5830  
 tfraser@gov.pe.ca  
**Climate Change Coordinator**, Erin Swansburg  
 902-368-6111, Fax: 902-894-0290  
**Coordinator Environmental Assessment**, Greg Wilson  
 902-368-5052, Fax: 902-368-5830

#### Production Development

Production Development works to improve the quality & growth of selected tree species through intensive selection & breeding programs. The J. Frank Gaudet Tree Nursery in West Royalty is the primary seedling production facility on Prince Edward Island. Tree seedlings are produced for reforestation programs on private & provincial forest lands as well as for special projects such as watershed enhancements.  
**Manager**, Bill Butler  
 902-368-7411,  
 jfnursery@gov.pe.ca

#### Provincial Forest

The Provincial Forest Section is responsible for the sustainable management of 18,700 ha of publicly owned forest. This is done through monitoring of the growth & health of the Provincial Forest, modeling of forest management options, delivery of forest management treatments to achieve multiple benefits from the forest through tenders or Provincial Forest Section crews, building partnerships with community groups, & periodic public consultations. In addition, the Section provides leadership in forest fire management for all lands, manages the tree planting contracts, delivers forest education & technical information programs for youth & the general public, & provides public access to maps at the district offices.  
**Manager**, Dan McAskill  
 902-368-6730,  
 jdmcaskill@gov.pe.ca

#### Resource Inventory & Modeling

Provides inventory & mapping support for the agriculture & forestry community. This involves the acquisition of aerial photography, the production of land use & land cover mapping products, & the establishment & measurement of forest management plots. Other activities included monitoring forest growth & conducting special forestry projects.  
**Section Manager**, Vacant  
 902-368-4700,  
 wmglen@gov.pe.ca

#### Pesticides Regulatory Program

The Pesticides Regulatory Program is responsible for the administration & enforcement of the PEI Pesticides Control Act & Regulations. This includes the training & licensing of commercial pesticide applicators & vendors, training & certification of private pesticide applicators, inspection audits, & issue of restricted-use pesticide application permits.  
**Manager**, Don Reeves  
 902-368-5053, Fax: 902-368-5830  
 dbreeves@gov.pe.ca

#### Water Management Division

902-368-5028  
 Fax: 902-368-5830  
 866-368-5044

Responsible for sustainable management, protection & enhancement of the Province's drinking water, groundwater, inland surface water & coastal estuaries; regulates water & sewer infrastructure & assists in the administration of funding that supports this infrastructure; division provides water testing services (microbiological & chemical) & engineering advisory services to the general public, other provincial departments & agencies, industry & municipalities; also responsible for conducting baseline monitoring & assessment of the Province's water resources.  
**Director**, Jim Young, P.Eng.  
 902-368-5034,  
 jyyoung@gov.pe.ca  
**Manager Drinking Water Management Section**, George Somers  
 902-368-5046,  
 ghsomers@gov.pe.ca  
**Manager Watershed Management Section**, Bruce Raymond  
 902-368-5054,  
 bgraymond@gov.pe.ca

#### Department of Fisheries, Aquaculture & Rural Development

Jones Bldg.  
 11 Kent St., 5th Fl.  
 PO Box 2000  
 Charlottetown, PE C1A 7N8  
 902-368-6330  
 Fax: 902-368-5542  
 www.gov.pe.ca/fafaweb  
 This Department provides an advocacy role in the area of marine fisheries management and supports development of the marine fishery and the aquaculture sector. It also provides support to the processing sector, professional and technical services and fish inspection services.

#### Aquaculture

Jones Bldg.  
 11 Kent St., 5th Fl.  
 Charlottetown, PE C1A 7N8  
 902-368-5524  
 Fax: 902-368-5542  
 The Aquaculture Division delivers the following services: Advice & information to the provinces' aquaculture industry; Financial programs to assist in aquaculture development; & Biological & technical services to the shellfish & finfish sectors on the Island.  
**Director Aquaculture**, Neil MacNair  
 902-368-5615  
**Aquaculture Biologist**, Kim Gill  
 902-368-5252
