Kevin Brueggeman, President
Robert Zaskie, Market Manager

PIAT-R-NU is an efficient individual measure of academic achievement. Reading, mathematics, and spelling are assessed in a simple, non-threatening format that requires only a pointing response for most items. This multiple choice format makes the PIAT-R ideal for assessing individuals who hesitate to give a spoken response, or have limited expressive abilities. \$289.98

Alexandra S Bigelow, Author
Gunnar Voltz, President

Assesses the second-fourth grade child's performance on thirty-two tasks in six specific areas of development: fine-motor function, language, gross-motor function, memory, visual processing, and delayed recall. At three points during the exam, the child is rated on selective attention and behavior and effect.
