

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Sharon Hospital, Masonic Home and Hospital.

15. Smoking Cessation Advice

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Bridgeport Hospital, Hartford Hospital, The Hospital of Central Connecticut, etc.

Pneumonia Care

16. Appropriate Initial Antibiotic

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Griffin Hospital, The Hospital of Central Connecticut, Norwalk Hospital Association, etc.

17. Blood Culture Timing

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Middlesex Hospital, Norwalk Hospital Association, Stamford Hospital, etc.

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Bristol Hospital.

18. Influenza Vaccine

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Hartford Hospital, Sharon Hospital, John Dempsey Hospital, etc.

19. Initial Antibiotic Timing

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Bristol Hospital, New Milford Hospital, Sharon Hospital, etc.

20. Pneumococcal Vaccine

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Sharon Hospital, John Dempsey Hospital, Manchester Memorial Hospital, etc.

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Greenwich Hospital Association, Bridgeport Hospital, Midstate Medical Center, etc.

21. Smoking Cessation Advice

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Bridgeport Hospital, Charlotte Hungerford Hospital, Day Kimball Hospital, etc.

Surgical Care Improvement Project

22. Appropriate VTP Within 24 Hours

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: John Dempsey Hospital, West Haven VA Medical Center, Windham Hospital, etc.

23. Appropriate Hair Removal

Table with 4 columns: Hospital Name, City, Rate, Cases. Rows: Charlotte Hungerford Hospital, Danbury Hospital, Day Kimball Hospital, etc.

NOTE: Hospital profiles are in alphabetical order by state, then city, then hospital within the city; Rankings exclude hospitals with less than 25 cases except for patient surveys which excludes hospitals with less than 100 cases; (a) 100-299 cases; (1) The number of cases is too small to be sure how well a hospital is performing; (2) The hospital indicated that the data submitted for this measure were based on a sample of cases; (3) Data was collected during a shorter time period (fewer quarters) than the maximum possible time for this measure; (4) Suppressed for one or more quarters by CMS; (5) No data is available from the hospital for this measure; (6) Fewer than 100 patients completed the HCAHPS survey. Use these rates with caution, as the number of surveys may be too low to reliably assess hospital performance; (7) Survey results are based on less than 12 months of data; (8) Survey results are not available for this reporting period; (9) No or very few patients were eligible for the HCAHPS survey. The scores shown, if any, reflect a very small number of surveys; (10) A state average was not calculated because too few hospitals in the state submitted data; (11) There were discrepancies in the data collection process; Please refer to the User's Guide for a full explanation of data.

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals like John Dempsey Hospital, Danbury Hospital, Stamford Hospital, etc.

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals like Day Kimball Hospital, New Milford Hospital, William W Backus Hospital, etc.

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals like Midstate Medical Center, New Milford Hospital, Rockville General Hospital, etc.

Children's Asthma Care

33. Received Systemic Corticosteroids

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists Connecticut Childrens Medical Center, Yale-New Haven Hospital.

34. Received Home Management Plan of Care

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists Connecticut Childrens Medical Center, Yale-New Haven Hospital.

35. Received Reliever Medication

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists Connecticut Childrens Medical Center, Yale-New Haven Hospital.

Use of Medical Imaging

36. Combination Abdominal CT Scan

Table with 4 columns: Hospital Name, City, Ratio, Cases. Lists various hospitals and their performance on combination abdominal CT scans.

37. Combination Chest CT Scan

Table with 4 columns: Hospital Name, City, Ratio, Cases. Lists various hospitals and their performance on combination chest CT scans.

38. Follow-up Mammogram/Ultrasound

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals and their follow-up mammogram/ultrasound rates.

39. MRI for Low Back Pain

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals and their MRI for low back pain rates.

Survey of Patients' Hospital Experiences

40. Area Around Room 'Always' Quiet at Night

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals and their area around room quietness at night.

41. Doctors 'Always' Communicated Well

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals and their doctor communication rates.

42. Home Recovery Information Given

Table with 4 columns: Hospital Name, City, Rate, Cases. Lists various hospitals and their home recovery information rates.
