---

Grey House Publishing is proud to announce the publication of the second edition of the *Charter School Movement: History, Politics, Policies, Economics and Effectiveness*. Previously published by ABC-CLIO (titled *Charter Schools: A Reference Handbook*), this is Grey House Publishing’s first edition.

Triple the size of the first edition, this work has a significant amount of new material and features, and its new name better reflects its expanded content. Completely revised with new chapters on the economics of charter schools, a new compilation of Primary Documents and new and expanded Appendices, its comprehensiveness and currency is unparalleled. Readers will find detailed discussions of opposing viewpoints, the results of several recent charter school studies published by Stanford University, and the latest on the controversial decision by the Los Angeles Department of Education to charter 250 if its public schools.

The number of charter schools has grown tremendously in the past eighteen years, now educating well over a million students. *Charter School Movement* provides an in-depth look that this remarkable educational experiment. A detailed history, economic factors, sample school charters, successes and failures, trends and conflicts are all presented in this work, in a clear, unbiased manner. With this text, readers will develop a thorough understanding of the history of charter schools, the politics of the movement, and the pros and cons of charter education.
