Grey House Publishing announces the Second Edition of  
*Human Rights in the United States*

***Choice Outstanding Academic Book***

*"Highly recommended for undergraduates and up."*

**-CHOICE**

---

This second edition of *Human Rights in the United States* is the first published by Grey House Publishing. The first edition was published by Greenwood Press in 2000.

This two-volume set offers easy to grasp explanations of the basic concepts and laws in the field, with emphasis on human rights in the historical, political, and legal experience of the United States. This indispensable resource surveys the legal protection of human dignity in the United States, examines the sources of human rights norms, cites key legal cases, explains the role of international governmental and non-governmental organizations, and charts global, regional, and UN human rights measures.

This work begins with a comprehensive Introductory Essay, providing background on human rights from an academic perspective. It also includes a short narrative explaining the historical background of human rights in the United States, and the role of the three branches of the government in their articulation of human rights. Following the introduction is a list of Abbreviations of certain terms and names of documents that are used throughout the text.

The second section, Primary Documents, is the main portion of this book. The sample of 106 documents include several types – Historical, International, United Nations, Humanitarian, Criminal, etc. – to give the reader an idea of the types of documents one would encounter in the field of law and politics.

Additional features include:

- Up-to-date data on Guantanamo Detention Centre, immigrant rights, the Torture Bill and many more current event topics.
- Comprehensive Introduction places the history of human rights in the United States in an international context.
- Details over 300 human rights terms, ranging from asylum and cultural relativism to hate crimes and torture, with a discussion of the significance of the term, examples, and citations of appropriate documents and court decisions
- Provides expanded coverage of over 100 Primary Documents, including conventions, treaties, and protocols related to the most up-to-date international action on ethnic cleansing, freedom of expression and religion, and violence against women.
- New Historical Timeline
- Eighteen Appendices with Timelines, Laws, and Charts with additional sources of information.
- A Bibliography of 14 categories includes Terminology, U.S. Related Publications, Law Review Articles and Status of Treaties, to expand research on this interesting topic.
- Comprehensive Subject Index offers the reader a quick way to access the wide variety of material in this resource.
- Available in print and eBook formats

This comprehensive, timely volume is a must for large public libraries, university libraries and social science departments, along with high school libraries.
