## *Medical Device Register*

“This is the only single-source listing of every medical supplier licensed to sell products in the U.S...Readers will find fast access to the facts on over 12,000 companies and more than 65,000 products...Two fully cross-referenced volumes: Volume I - Product Directory includes every medical device and supply and diagnostic available in the U.S.; unique 5-character FDA codes identifying the medical specialties and the device names; full company name, address, and telephone number for every manufacturer of the product, and prices and product specifications (when available) to help compare products from different suppliers. Volume II - Supplier Profiles includes complete background on each company including number of employees, ownership, method of distribution, sales volume, revenue, and net income. Handy indexes include Keyword Index, Trade Name Index, Supplier Geographical Index and OEM (Original Equipment Manufacturer).”

- *Doody's Medical Review*

“On the whole, this is a comprehensive resource for locating the manufacturers of products. It is best geared toward hospital and medical school libraries, and may be of less usefulness to libraries catering to the general public due to the terminology used in the book.”

- *ARBA*
