VOLUME 1

How to Use the *Medical Device Register*

Advertiser Index

SECTION I—KEYWORD INDEX..... I-1 TO I-260

An alphabetical cross-reference to the nearly 8,400 standard FDA/*MDR* product headings in the Product Directory section. Keywords include the words in the standard headings as well as synonyms and broader functional categories. Under each keyword, all associated product headings are listed in alphabetical order.

SECTION II—PRODUCT DIRECTORY..... II-1 TO II-1402

The most comprehensive compilation of medical products and their manufacturers. Provides sources for some 8,400 types of products and services. Gives each source's address, phone number, and, when available, product descriptions, prices and specifications. Organized alphabetically by FDA/*MDR* standard product names, listed with associated codes.

VOLUME 2

How to Use the *Medical Device Register*

Advertiser Index

SECTION I—MANUFACTURER PROFILES..... I-1 TO I-210

Presents detailed information on approximately 13,000 North American manufacturers listed in the *MDR*. Gives company name, address, telephone and fax numbers, and e-mail and Web site addresses, plus method of distribution, type of ownership, and, when available, number of employees, date founded, annual revenue and medical product sales volume, quality system information, federal procurement eligibility, key executives' names, size of sales and marketing staffs, and names of subsidiaries. Also lists each company's products and the medical specialty areas with which the products are associated. Organized alphabetically by company name.

SECTION II—GEOGRAPHICAL INDEX..... II-1 TO II-162

Lists all manufacturers profiled in Section I. Organized alphabetically by city or municipality within each state. Canadian and Mexican manufacturers are listed alphabetically by company name at the end of the section.

SECTION III—TRADE NAME INDEX..... III-1 TO III-176

An alphabetical list of more than 27,000 brand-name products and their manufacturers.
