“For those libraries less interested in a full blown encyclopedia but needing a source for up-to-date facts and country profiles, Grey House’s *Nations of the World: A Political, Economic & Business Handbook*...should be a worthwhile choice.”

–Against the Grain

“Strengths include readability, coverage of 228 countries, URLs for key Internet sites, and affordability for smaller libraries... Recommended for libraries that lack current, concise country information, especially those serving general readers.”
