

Grey House Publishing is updating *The Directory of Venture Capital Firms* containing more than 3,000 detailed listings of both Domestic and International Venture Capital Firms. This is an opportunity to put your firm **AT NO CHARGE** in the research collection of thousands of Public and Academic libraries, as well as in the Venture Capital community, reaching thousands of potential clients. Please take a moment to look over the form below, filling in your company's information as accurately as possible. If you cannot fill in everything, please send as much as you can.

"A 1,100-page directory of domestic and international VC and private-equity firms, featuring a list of more than 9,300 executives from 3,300-plus firms. The directory has various indexes, such as a geographic one, to help you weed through the extensive listings. The listings provide fund size, year founded, average and minimum investment, industry-group preference, investment criteria, portfolio companies and more." – Entrepreneur Magazine
