## **Grey House Publishing announces the 12<sup>th</sup> Edition of the *Older Americans Information Resource***

Grey House Publishing is proud to announce the 2018/2019 edition of *Older Americans Information Resource*, formerly titled *Older Americans Information Directory*. This edition is designed for one of America's largest growing populations, with resources to help aging Americans lead happy and productive lives. It includes nearly 10,000 listings, two glossaries, three indexes, and is a repeat winner of the **National Mature Media Award** for being recognized as "the best in advertising, marketing, and educational materials for older adults."

In the beginning of the text, a detailed **Profile of Older Americans: 2016** put together by the Administration on Aging defines America's seniors by 14 categories, including future growth, income, employment, and care giving-with many helpful texts, tables, charts, and maps.

### **Detailed Listings**

The *Older Americans Information Resource* includes detailed listings including name, address, phone, fax, web sites, key personnel, and brief descriptions divided into 12 major chapters, including;

## **Valuable Glossaries**

Additionally, this resource includes two extremely helpful glossaries. The first, *Glossary of Health and Medical Terms*, with 65 terms that define language found throughout this and other publications, as well as terms used by professionals in the field. The second, *Glossary of Legal Terms*, includes 22 in-depth situations older Americans may commonly find themselves in.

## **Helpful Indexes**

Three indexes offer additional ways to access this resource's content. The *Entry Index* is an alphabetical list of all entries available in the text.
